

Kidz Storm Pirates OTM *Before and After the Kidz Storm*

This year as in the past we will offer some items for use before and after the Kidz Storm. Please adhere to the following suggestions if you plan on using the below mentioned items.

1. For those that want to use it, we will offer an inflatable bounce house (pictured below). In order to use this item you will need the following.
 - A. A flat surface approximately 20x20 foot square
 - B. A tarp or tarps to place over this space so the inflatable does not set on the ground or on the concrete.
 - C. At least 4 workers to oversee the use of this game.
 - D. Making sure there are never more than 4 kids in the bounce house or no more than 400 lbs.

2. We will also have Belly Bumps (pictured below). You will need at least 2 workers to oversee this game and a flat area for the kids to play on. Grass is best but is not necessary. Supervision is a must, kids cannot be left alone with this game.

3. As in the past we have a cotton candy machine and a sno-cone machine. If you wish to use these items, you will need to make sure you have the floss, bags, ice and cups spelled out in other directions.

Please help us with these items. In the past couple of years we have had several games and items destroyed or damaged, some without our knowledge until our arrival at the next church which makes for a really bad experience for them and us. Thank you for your help in this matter.
